The Clackamas High President's Day Youth Hitting Clinics are designed to teach younger players the basic skills and philosophies of hitting. We will focus on developing sound hitting techniques and using the proper drills. We also will stress the appropriate mental approach to hitting. Our goal is to give each athlete a better understanding and knowledge of what it takes to be a successful hitter.

Due to space and safety concerns, each clinic is limited to 20 players. This will also insure a 1-4 player to coach ratio. This will allow each player to get a lot of individualized instruction from members of our high school staff. The clinics are run solely by the high school coaching staff.

Each clinic is an hour and a half long and broken up by grades. This will allow us to make sure our instruction is very age and skill specific. The clinics will be held entirely in the Clackamas Baseball indoor hitting facility (The Big House).
